# *Message From The Board*

The end of 2025 draws near and Kathy Hochul has announced that she plans to sign the Medical Aid in Dying Act, a bill that allows for assisted suicide in New York State. Although the ministry of the Pregnancy Care Center focuses on pregnant women and unborn babies, we cannot help but relate the two. God made human life. It is precious and it should be protected and strengthened. Law makers continue to make death an answer to the troubles that we face. The PCC of NY rejects this belief. Assisted suicide and abortion have no place in a society that desires to see mankind flourish. With this news, our hearts are grieved and angered. This is a terrible way to bring a year to an end. But God...

As a board we trust that the Lord is greater than all of this. We trust that God is able to save lives even if the systems of our world are bent on destroying them. When the Pharaoh commanded that boys born to Hebrew women should be killed, midwives ignored that command. Moses was born and protected. We believe God can do the same today. Especially during Christmas. A time when we remember that Christ came to us, not as a warrior, but as a precious baby. Not with lights and cameras, but with the rejoicing of angels. He came to us as a child so that in every way He might fulfill the righteousness we were made to walk in. So that His sacrifice would be the cause that would allow all human life to flourish eternally.

No, Governor Hochul, this is not compassion what you are signing into law. This is death. But Jesus has overcome the world.

We praise God for babies saved this year. We praise God for the work He is doing in our new center. We praise God for our partnership with CompassCare. We praise God for the work of Arlene and Annabelle. We praise God for our trained phone counselors. We praise God for our many volunteers who care about unborn life. We praise God for the many generous givers who have helped make this work possible. We praise God for a renewed focus on the ministry. The PCC of NY exists to empower women and families to choose life. We see this happening as we work to provide compassionate care, fostering community partnerships, and offering hope for a brighter future. May the Lord bless His work and direct His people according to His will.

Thank you and God's peace,  
Paul Couch  
PCC Chairperson

# *Message From Our Executive Director*

**Dear Friends and Supporters,**

As we come to the end of 2025, I want to personally thank you for standing with the Pregnancy Care Center of New York. Each year I make it a habit to pause, reflect on where the Lord has brought us, and look ahead with faith into the year before us. This year, more than ever, we have much to be grateful for.

**2025 marked a historic milestone—40 years of ministry.** For four decades, the PCCofNY has been a place of refuge, truth, and compassion. The pastors who founded this ministry carried a God-given vision, and their faithful prayers continue to bear fruit today. Because of partners like you, that legacy is not only preserved—it is expanding.

This year, our Board prayerfully refreshed our Mission Statement to clearly reflect the path forward:

**To empower women and families to choose life by providing compassionate care, fostering community partnerships, and offering hope for a brighter future.**

In **January**, we were honored to visit many of our supporting churches during **Sanctity of Human Life Month**, reminding the Body of Christ that every life is created in God's image and deeply valued in His sight.

**February** brought our annual **PCCofNY Flea Market**, a joyful community effort that turned generous donations into life-saving impact. It was a beautiful reminder that even the simplest acts of giving can be used by God in powerful ways.

**May** was truly unforgettable. We gathered with supporters from Staten Island and Brooklyn for a **grand Gala at the Old Bermuda Inn**, celebrating God's faithfulness together. On that very same day—**May 8, 2025**—we opened the doors to our brand-new Center, now home to **CompassCare's medical office onsite**.

Women facing unplanned pregnancies often feel overwhelmed, trapped, and pressured into believing abortion is their only option. Because of your support, we are now able to offer **baseline OB care, limited ultrasounds, STD testing and treatment, abortion pill reversal, and practical resource assistance**—walking alongside women with compassion and truth, and empowering them to choose life. *Cont. on next page*

# *Cont. Message From Our Executive Director*

The summer months of **June, July, and August** were filled with meaningful **community outreach** and intentional refinement of the daily flow within our new Center. These foundational months allowed us to strengthen systems, partnerships, and care—ensuring that every woman who walks through our doors is met with dignity, excellence, and hope.

In **October**, we hosted our **annual Golf Outing at Silver Lakes**, graciously chaired by **Marion Andes**. This wonderful day of fellowship and generosity provided additional funds to advance our mission, and we are deeply thankful for all who participated.

As we approach the close of the year, I want to invite you to prayerfully consider a **year-end gift** to help the Pregnancy Care Center of New York finish 2025 strong. Any amount you are able to give will directly support the life-affirming services we provide to women, children, and families in our community. Your generosity—whether large or small—helps ensure that when a woman reaches out for help, we are here to answer with compassion, care, and hope.

As we look ahead to **2026**, we do so with grateful hearts and renewed faith. The foundation laid in 2025—forty years in the making—has positioned the Pregnancy Care Center of New York to step boldly into the next season of ministry. With strengthened partnerships, a fully operational medical center, and a growing network of churches, volunteers, and donors like you, we trust that God will continue to move powerfully in the lives of the women and families we serve. Thank you for being part of this life-saving work. Your prayers, generosity, and faithfulness truly make a difference.

With gratitude and hope,

**Arlene Rutuelo**

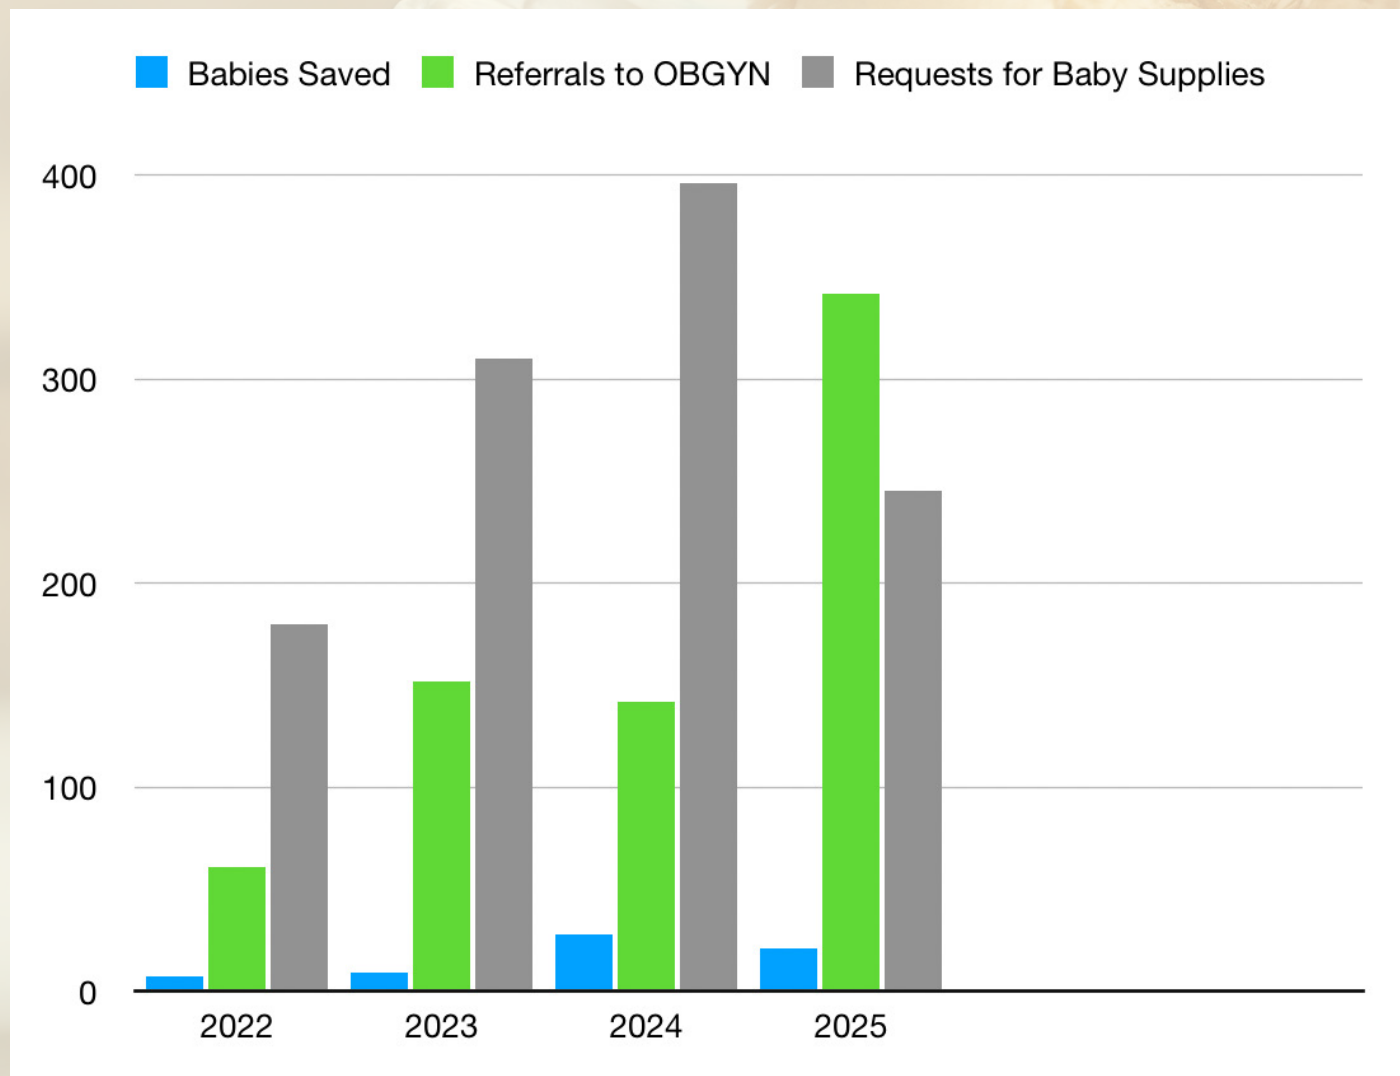

Executive Director

Pregnancy Care Center of New York
